Role reversal

Hey guy's (and gal's!) This is my first fanfiction and B99. I hope you like it!

P.S: I like reviews but I will keep on writing even if I don't get any

Chapter one: The meeting

"Hey, whassup guy's" exclaimed Amy Santiago as she walked into briefing one morning. Rosa Diaz looked at her with a piecing stare.

"Nothing shut up"

"OK" Amy mumbled whilst sliding down into her seat.

"Attention everyone!" shouted Captain Holt, walking into the room. Amy sighed and leaned back. _Not another boring captain speech_ she thought.

"Thank you" he said "Now, today we have a new member of the precinct coming in. I want everyone to be perfect. This includes you too Detective Santiago" he added, looking directly at Amy. Again she sighed and hoped this new kid would know what he's doing.

20 minutes later

The elevator dinged. Everyone looked expectantly towards it. The

doors slid open.

"Hi everyone" said a nervous man "my name's Jake Peralta"

Thanks for reading this terrible story. If you've noticed, Amy's now is like Jake and vice versa. Sorry it's so short but I only had about 10 minutes to do this in. I'll get the next chapter out in about a week. Possibly? Anyway, see you later guy's (and gal's!).
